

Project Management Professional (PMP)[®] Exam Preparation Training

Why the PMP[®] certification?

The Project Management Professional (PMP)[®] credential is the most important industry-recognised certification for project managers. Globally renowned, valued, and often demanded, the PMP[®] certification gives you the tools to handle any project of any size and complexity, in any industry.

PMP[®] certified practitioners can earn up to 25% higher salaries, compared with non-certified project managers.

- Stand out from the crowd
- Globally recognised across all industries
- Spans all project lifecycles

Now including predictive, agile and hybrid approaches, the PMP[®] proves project leadership experience and expertise in any way of working. It supercharges careers for project leaders across all industries.

Millpond is an Authorized Training Partner (A.T.P.) with the Project Management Institute, Inc (PMI)[®].

Training with an Authorized Training Partner ensures you are trained:

- By an organization you can trust
- With high-quality PMI-developed course content
- By PMI-approved and vetted instructors

In order to become a PMI A.T.P. an organization has to meet (or exceed) PMI's rigorous quality standards and requirements.
