Course overview

This course is designed to equip attendees with tools to enhance inter-project coordination, assist in making better investment decisions and the management of changing priorities. This workshop focuses on:

- Doing things right (Project and Programme Management)
- Doing the right things (Portfolio Management)
- Making the right decisions (Governance)

Key issues are discussed such as;
- What key roles and responsibilities are required to enable positive progression?
- How should an organisation structure itself to best enable P3M methodology?
- What does Project, Programme and Portfolio Management (P3M) mean in practice?

Why train at Millpond?

Our highly skilled trainers will cover everything you need to know so that you have a better understanding of the fundamentals of Portfolio and Programme Management.

Our courses are small and interactive, delegates get an opportunity to immerse themselves in the learning environment and to network at the same.
