

## Millpond, a reservoir of multi-talented people and expertise to drive outcomes and build capability.

With over 100 years of collective project experience and a reputation for delivering outcomes – Millpond has built a legacy that is only growing.

Like the Millpond that powers a mill, our experience is the fuel that drives projects and enables us to be confident in the delivery. At Millpond we want to create the same dynamic in your business.

By partnering with Millpond, you can tap into this pool of skilled and talented professionals to help you drive your project.

### Our services

#### **Project Management Delivery**

Providing a wide range of experienced project delivery personnel to help achieve business outcomes.

#### **Consulting**

Improving client project management maturity through consulting to create appropriate structure around project delivery, governance, process and tools.

#### **Training**

Equipping organisations and individuals with the skills to achieve project outcomes, through either bespoke, public or certification training.

#### **Business Analysis**

Dedicated to empowering your organisation and team through unravelling complexities, streamlining processes, and unlocking the full potential of your business.

#### **Change Management**

Empowering organisations to embrace change as an opportunity for growth, innovation, and long-term success.

#### **Testing**

Providing independent verification of project or product quality through structured Quality Assurance activities.

# Why Millpond?

## Proven process and methodologies

Some of New Zealand's largest and most successful organisations use Millpond because we offer a unique mix of capabilities. We summarise these as our 'four P's':

1.

A strong team of **proven** and capable consultants.

2.

A **process**-based approach that means we apply the right methodologies to fit your specific needs.

3.

**People** with the ability to integrate into your business quickly and painlessly.

4.

A **personalised** approach to everything we do, from training programmes to the delivery of projects.
